The Museum's revamped Business Sponsor Program became effective on February 1, 2014. The new Program is simpler, provides more opportunities for business recognition and offers new perks.

The Program was simplified by reducing the number of Sponsor levels from 5 to 2, by standardizing pricing (through elimination of payment ranges) and by offering a 2 year Sponsorship option.

The new Program places considerable emphasis on business recognition, i.e. improved visibility, awareness and public perception with an overarching goal of establishing business partnerships.

And third, another great feature of the Program is the Introduction of an array of perks that businesses can use to motivate and reward their employees.
